Pursuant to the Telecommunications Act 2005 (“the Act”) the Regulator is empowered to issue orders respecting any matter or thing within its jurisdiction and in the course of implementing its statutory duties.

This Order concerns Manufacturers and Importers intending to sell and supply telecommunications equipment to the market. The Office of the Regulator has registered with the Ministry of Commerce Industry and Labour a trademark as a symbol of approval of telecommunications equipment.

This trademark will only be used by the manufacturer and importer once the Type Approval Certificate is granted with the approved Type Approval Identification Code. The trademark will be highlighted on packaging, warranty forms, instruction manual and leaflets, websites and equipment or devices. The electronic labelling is recommended if the product has a built-in display and must be 3mm height.

This Order becomes effective on 23 June 2021
